<1 The TBL groupings of expenses by programs and sub-programs for FY 2005 estimates, developed as part of the 2005 Rate Case, are reconstituted to match the programs and sub-programs groupings shown on this report.

<2 The Start-of-Year (SOY) budget for FY 2005 is consistent with the data presented in the Programs-in-Review (PIR) process.

<3 Although the forecasts in this report are presented as point estimates, BPA operates a hydro-based system that encounters much uncertainty regarding water supply and wholesale market prices. These uncertainties, among other factors, may result in large range swings +/- impacting the final results in revenues, expenses, and cash reserves.

<4 Beginning in FY 2004, consolidated actuals reflect the inclusion of transactions associated with a Variable Interest Entity (VIES), which is in accordance with the FASB Interpretation No. 46 (FIN 46) that is effective as of December, 2003. VIES information is not included in rate case, budget and forecast data.
